Welcome from the Deputy Vice-Chancellor (Research)

Dear Colleagues,

It is my great pleasure to welcome you to the University of Sydney for the 2025 Sydney Banking and Financial Stability Conference.

Across the world, societies, industries and governments are tackling the pressing challenges and significant opportunities presented by rapid transformation. Collaboration is key to addressing the impact and harnessing the possibilities of disruptive new technologies that are transforming nearly every aspect of society and business at an accelerated pace.

That is why opportunities to bring our best academics, students, industry professionals, policymakers and community partners together to deliberate on the challenges facing banking and financial stability continue to be of the utmost importance.

The spectrum of accelerated change we are grappling with today, encompassing advances in digital technology and the need to diversify supply chains and reduce carbon emissions, is inherently complex, multidimensional, and has significant implications for economic, social, and environmental stability. At the University of Sydney, we have learned that the best opportunities to solve our shared challenges arise when experts with a diverse range of knowledge and perspectives share their insights. It is for this reason our Sydney in 2032 strategy prioritises cross-sector partnerships and multidisciplinary approaches to teaching and research - we know that working together is how innovative, effective pathways to a prosperous, equitable and sustainable future will be found.

We are proud of our strong global reputation for research and teaching excellence and committed to enabling our researchers and graduates to make a positive difference in the real world. Opportunities to bring leading international researchers and a diverse array of sector experts together at our University help us to deliver on this ambition, and we are truly delighted so many of you have chosen to be a part of the important discussions that will take place at this conference over the coming days.

My best wishes for your upcoming deliberations, as well as for a truly enjoyable time experiencing the vibrant communities and spectacular scenery our beautiful city has to offer.

Professor Julie Cairney

Deputy Vice-Chancellor (Research - Enterprise and Engagement)

Welcome from the Dean of the University of Sydney Business School

Welcome to the University of Sydney Business School! We're thrilled to host the 2025 Sydney Banking and Financial Stability Conference, where bold ideas and world-class expertise meet.

Sydney is a vibrant, multicultural city home to people, cultures, histories, and experiences from more than 180 countries. This rich diversity is what makes our city an outstanding place to live, visit, work, and study.

This year marks a significant milestone for the University of Sydney as it celebrates its 175th anniversary. Established as Australia's oldest and most prestigious institution of higher education, the

University has played a pivotal role in shaping the nation's academic landscape and cultivating generations of leaders, innovators, and thinkers.

The University of Sydney's Camperdown campus is located on the lands of the Gadigal People of the Eora Nation, Australia's First Peoples. We warmly recognise and show respect to the Elders and communities of these lands—past, present, and emerging—who have, for thousands of years, shared and exchanged knowledge across countless generations. Their enduring commitment to learning and cultural exchange has enriched all who have come to learn and grow at this institution.

Here at the Business School, we seek to contribute to and shape our collective future. We place innovation, responsible management, sustainability, and inclusive prosperity at the core of what we do. We inspire students to challenge the norm and create innovative approaches to the way business is accomplished in Australia and at an international scale. We aim to create great strategic choices and excellent outcomes for our stakeholders and encompass our purpose in all that we do. Through our global community we develop responsible leaders by creating and mobilising impactful management knowledge to build prosperous, sustainable organisations for a healthy, inclusive society. This enhances our reputation as a leading institution in business research and education.

It is my great pleasure to welcome you to our Business School and to our beautiful emerald city. I hope you have a truly enriching and enjoyable experience in Sydney.

Professor Leisa Sargent

Dean

Conference Opening Address on Monday 15 December

Professor Benjamin Eggleton is a Professor of Physics at the University of Sydney and currently serves as Pro-Vice-Chancellor (Research). He is co-Director of the NSW Smart Sensing Network (NSSN).

Eggleton was Director of the University of Sydney Nano Institute (Sydney Nano) from 2018-2022. He was an ARC Laureate Fellow and previously an ARC Federation Fellow twice. Eggleton was founding Director of CUDOS, the ARC Centre of Excellence for Ultrahigh bandwidth Devices for Optical Systems (2003-2017). He was founding Director of Sydney's Institute of Photonics and Optical Science (IPOS) (2009-2018).

Professor Benjamin Eggleton

Pro Vice-Chancellor (Research)

Welcome from the Conference Convenor

Welcome to the 2025 meeting of the Sydney Banking and Financial Stability Conference and to our vibrant campus and the state-of-the-art business school building – the Belinda Hutchinson Building (formally known as Abercrombie Building). The conference series began in 2016 with the goal of bringing together international academics to provide an opportunity to meet and share their latest thinking on banking, financial studies, and financial system stability.

It is important to have this forum to exchange ideas and ensure that we prioritise our collective efforts in addressing the most important and current banking and financial stability issues, and to contribute to public policy debates on how best to improve our shared architecture and enhance financial system resilience into the future.

We are delighted to have three prominent keynote speakers this year: Ms Andrea Brischetto of the Reserve Bank of Australia, Professor Sumit Agarwal from the National University of Singapore, and Professor Robert Faff from the University of Queensland and Bond University.

We are pleased to offer a wide range of topics in banking and finance, presented over two full days. We hope you will find the conference both informative and stimulating. Thank you for taking the time to join us for this year's meeting, and we hope to see you again in future meetings as well.

The University of Sydney Business School

Established in 1850, the University of Sydney is the first and oldest University in Australia. The University's alumni network, comprising over 450,000 alumni across 170 countries, is the largest among Australian universities. The University was ranked 18th in the world by the QS ranking for 2025, the top 10 most beautiful universities by the Daily Telegraph in 2012 and the most beautiful universities in Australia by the Times Higher Education in 2021. In addition, the University is ranked first in Australia and 4th in the world for graduate employability in the 2022 QS ranking. The degrees offered range from bachelor's to PhD, offered by nine faculties and schools, serving over 78,000 currently enrolled students with 8,100 faculty and staff.

The University of Sydney Business School (as it became known from January 2011), which grew out of the Faculty of Economics established in 1920, is the oldest of its kind in Australia. The Business School has around 16,000 students enrolled in undergraduate and postgraduate coursework and research degrees, making it one of the largest business schools in the world. The business school was the first among Australian business schools to be accredited by both AACSB and EQUIS. It is the only business school in Australia with associate membership of the Global Alliance in Management Education (CEMS).

The main business school building is the Belinda Hutchinson Building, where the conference will be held. The building is located 3km from the city centre and is adjacent to public transport links, providing a convenient starting point to explore the sights of Sydney.

Getting to campus

<https://www.sydney.edu.au/about-us/campuses/getting-to-campus.html>

Public transport

- The campus is approximately 3 kilometres/1.8 miles from the city centre.
- If you are travelling by public transport in Sydney, you will need an [Opal card](#) or a credit card that supports contactless payments.
- If you are travelling by [TRAIN](#), the nearest station is Redfern Station, which is approximately a 7-8 minute walk from the Business School. Central Station is a 15-minute walk along City Rd and George St.
- If you are arriving by bus, there are stops at our main entrances on Parramatta Rd and City Rd. Use the campus map (<https://maps.sydney.edu.au/>) to locate the closest bus stop to your destination.
- TAXI (e.g. tel: 13 cabs, 13 10 17) and UBER are available in the area.

Parking

- Parking in the vicinity of the Business School is limited.
- There are paid parking spots in [Shepherd Street carpark](#) (5 5-minute walk to the Business School). The fee is \$4 per hour (to a maximum \$24). Download the CellOPark app (Apple or Android) onto your mobile phone and add register your vehicle licence plate and credit card to pay for parking. All parking meter machines have a sticker advertising the CellOPark app.
- There are also two smaller carparks on campus near the [Merewether Building](#).
- There is some all-day street parking on [Wilson Street](#) near Carriageworks (5 mins walk to the Business School), but spaces are limited.
- Street meter parking in the area is mostly restricted to 1 or 2 hours.

Accommodation

Attendees from outside Sydney are responsible for their own travel and accommodation. The list of hotels providing SBFC2025 specific corporate rates has been published at:

<https://sbfc.sydney.edu.au/Accommodation/>

Conference reception desk

The conference reception desk will be located in the Belinda Hutchinson Business School building (H70) foyer and in operation from 08:00 to 17:00 on Monday 15 and Tuesday 16 December.

Catering

Tea, coffee, water and snacks will be served during the breaks as indicated in the Program at a glance (pp. 22-23).

A light lunch will also be provided on both days.

Eduroam is available throughout the university campus. Please check with your institutions for access details.

In addition, delegates will have access to on-campus WiFi with the following access information:

Network (SSID): UniSydney-Guest

Username: sbfc2025

Password: 895216

Parallel sessions

All session rooms are equipped with AV equipment. Presenters and discussants are requested to upload their presentation files in either PowerPoint or PDF format onto the PC in the room before the commencement of their sessions. Please make sure your USB drive is unlocked to allow file transfer to the session room PC.

Each parallel session runs for 90 minutes and has three paper presentations – 30 minutes per paper. Each 30-minute block is to be used as follows:

- Paper presenter: Max 18 minutes of UNINTERRUPTED presentation
- Discussant: 7 minutes of discussion
- Session participants: 5 minutes of Q&A for each discussant

The session chair is responsible for ensuring that

- their session starts and finishes on time
- presenters have an uninterrupted presentation – no questions should be taken during the presentation
- Q&A session is efficiently run

Any time left at the end of each session will be devoted to additional Q&As on all papers in the session. As such, presenting authors are asked to remain in their sessions until the end.

The order of the papers to be presented should not be changed unless necessary to ensure that delegates can follow papers across parallel sessions.

Papers

Full papers of those authors who have approved a download link are available via clickable links on the program page of the website:

<https://sbfc.sydney.edu.au/program/>

Please contact the authors after the conference for unavailable papers.

Publication opportunities

Papers presented in the SBFC2025 may be considered for publication in a special issue of Pacific Basin Finance Journal.

- The SBFC2025 special issue is titled: Banking and Financial Stability in the Pacific Basin countries.
- Suitable papers presented at the conference within the special issue theme and carefully revised following the discussant's comments are invited to submit to the SBFC2025 special issue.
- The normal submission and review process, including a submission fee, will apply.
- The review process will be handled by the Special Issue Guest Editors and reviewed by the SBFC2025 Program Committee.
- It should be noted that, given an over-saturation of PBFJ submissions on climate finance, green finance and ESG; these topics are not sought for this Special Issue.
- Further instructions on submission to the special issue will be communicated after the conference.
- Special Issue Guest Editors are: Andrew Grant, Suk-Joong Kim, Haekwon Lee, and Reuben Segara, all at the University of Sydney.
